DURAWOOD® POLY HDPE

High Density Polyethylene (HDPE) is one of the most versatile and recyclable materials around. HDPE is used in a wide variety of applications, including bottles, milk jugs, shampoo bottles, bleach bottles, cutting boards, and piping. Known for its outstanding tensile strength and large strength-to-density ratio, HDPE has a high-impact resistance and melting point.

DURAWOOD® Poly Options

STANDARD: Black • Chocolate • WeatherWood • Cedar • Gray • White • Pawleys Green • Navy

PREMIUM: Red • Blue • Turquoise • **TWO-TONE:** Black/Cedar • Chocolate/WeatherWood •

HERITAGE WOODGRAIN: Antique Mahogany • Birchwood • Coastal Gray

THIS ICON indicates the furniture is also available in Heritage Woodgrain.

ALL-WEATHER RESISTANT

Our all-weather Durawood® Poly Lumber and high quality 316 marine-grade stainless steel hardware are built to withstand all four seasons and a range of climates including blazing sun, snowy winters, salt spray, and hefty winds.

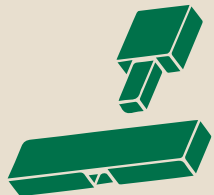

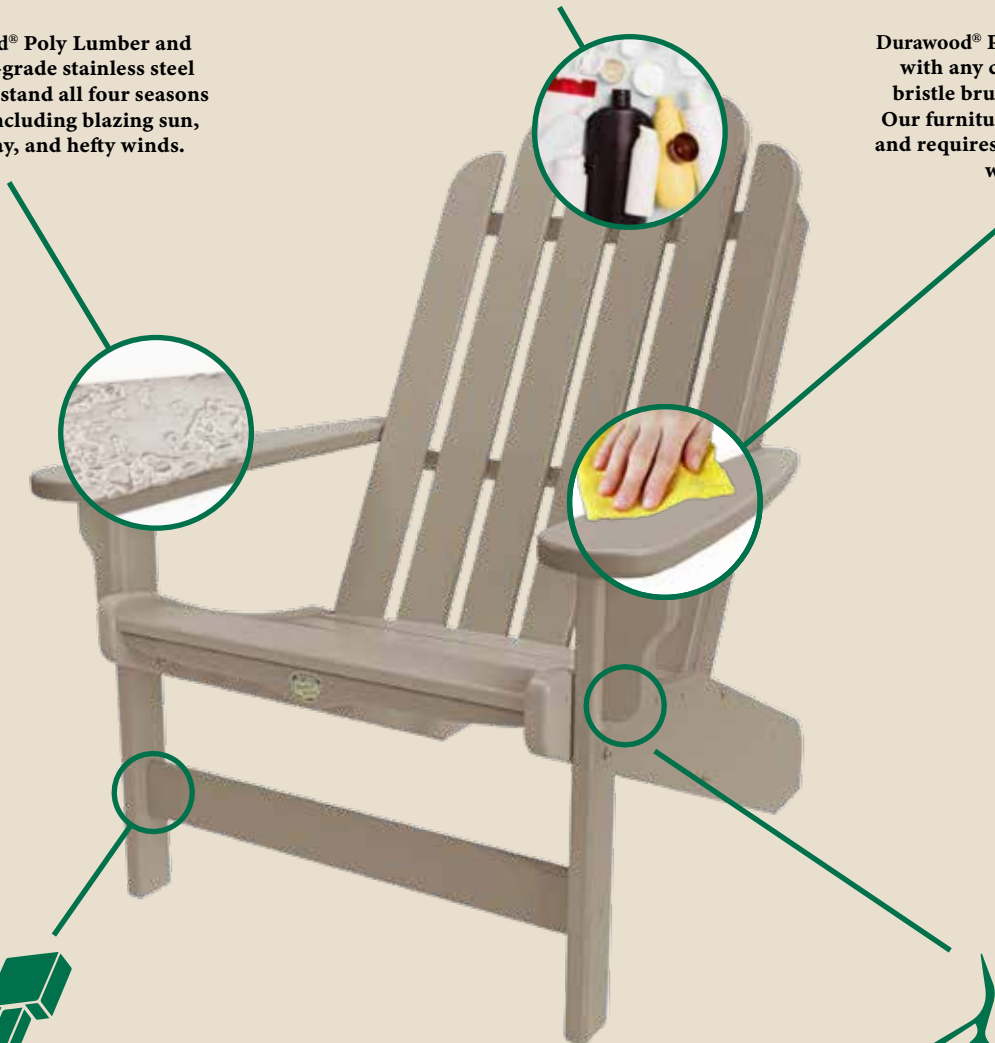

ECO FRIENDLY

Our Durawood® Poly Lumber is made from HDPE recycled consumer plastic that's been sterilized for safety and to eliminate impurities.

LOW MAINTENANCE

Durawood® Poly Lumber cleans easily with any cleaning wipes or a soft bristle brush with a mild cleanser. Our furniture does not absorb water and requires no painting, staining, or waterproofing.

MORTISE & TENON

We use this ancient form of carpentry, where board meets board, to allow our furniture to fit together and help make it sturdier; rather than just being held together with nuts and bolts.

LIMITED LIFETIME WARRANTY

Backed by a Limited Lifetime Residential Warranty, our lumber is resistant to splintering, rotting, cracking, peeling, chipping, and insect infestation.

FIT & FINISH

Every Durawood® Poly part has a smoothed surface to reduce the amount of crevices where dirt can accumulate and all edges are rounded off for a detailed finish.

GRADE C FABRIC

GRADE D FABRIC

Performance Fabrics

As a performance fabric industry pioneer, Sunbrella is always researching and developing new ways of bringing durability, comfort, and style to the places people live, work, and play. Sunbrella is committed to creating high-quality performance products that provide comfort for your coziest spaces, color retention for years of enjoyment, cleanability for all of life's messes, and strength that lasts.

Bella Dura performance fabrics exceed expectations on every level. Performance fabrics set the industry standard for durability and comfort. These materials separate themselves from traditional fabrics because they're water repellent, easier to clean and less likely to stain. Bella Dura fabrics are high-performance materials that resist pilling, staining or fading, making them ideal for nearly any design application.
